DEFICIT OF \$333,400,000 AT THE END OF THE FISCAL YEAR

(By Associated Press.)

WASHINGTON, D. C., Feb. 14.—A treasury deficit of \$333,400,000 at the end of the next fiscal year is forecast in a report submitted today by the Senate finance committee recommending that the administration revenue bill be revised to recommend a bond issue of \$195,256,000 instead of \$100,000,000 and that the authorization for certificates of indebtedness be made \$500,000,000 instead of \$300,000,000.

The recommendation for increases is based on revised treasury department estimates submitted to Congress since the bill passed the house placing the federal government's expenditures for the fiscal year 1918 at \$1,400,000,000. The committee estimates that to meet this total and provide a working balance, the amount which must be raised by bonds and new revenue legislation is \$433,400,000. This, the committee proposes to raise as follows:

By bond issues—for expenditures on account of the Mexican situation to June 30, 1917, \$162,418,000; for construction of Alaskan railroad to June 30, 1918, \$21,838,000; for construction of armor plate plant \$11,000,000, making a total bond issue of \$195,256,000.

By new taxation—an excess prof-

its tax \$226,000,000; inheritance tax increases \$22,000,000 making a total of \$248,000,000 and a grand total from new taxes and bonds of \$443,256,000 or \$9,856,000 in excess of absolute needs.

In its report the committee explained that the proposed authorization to issue short term certificates of indebtedness up to \$500,000,000 is for the purpose of tiding the treasury over until the new taxes come in.

A large portion of the total revenues of the government now is payable during the last month of the fiscal year, and probably more than \$500,000,000 of revenue would, in the opinion of the committee, be collected during June, 1918.

"The income tax, the munitions' manufactures tax and the excess profits' tax are all due and payable in June of each year," says the report. "This is practically as much as would be collected during the entire preceding 11 months. That is while the disbursements for 1918 may be less than the receipts for that year, still at certain periods prior to June the treasury may need these certificates of indebtedness to tide it over."

The bill probably will be brought up in the Senate Friday.

TYBO MINES WILL AGAIN PRODUCE

Interest again centers in old Tybo, a camp situated in the Hot Creek range about 50 miles northeast by east from Tonopah. In the early days this district was a very profitable producer, but it declined with the price of silver and has been dormant for a number of years.

There are vast reserves of ore which, with the advances in the price of the white metal and improvement in reduction and transportation facilities, are now extremely valuable. Walter Trent, of Reno, president of the Trent Engineering Company, has for the past six months been engaged in perfecting arrangements for operating the principal group of mines, which were very favorably reported upon by competent engineers.

Barney Baruch, who backed the Goldfield Consolidated Mines Company with \$1,000,000 cold cash when that merger was formed, is also behind the Tybo deal and with him are associated other prominent and wealthy New York mine investors under the name of the Louisiana Consolidated Mining Company.

Mr. Trent expects to return from

the east shortly when the wheels at Tybo will start revolving. He is arranging with the Nevada-California Power Company for a line from Belmont, 29 miles in length, to furnish electric light and power. He has also purchased from the Durham Sales Company of Reno, ten Duplex four-wheel drive auto trucks, 20 trailers and a Reo touring car.

Wm. Rebohy of the Durham Sales Company, of Reno, returned to Tonopah today after making delivery of the Reo touring car. He and associates will go to Reno by train and drive out the trucks and trailers.

Two of the county commissioners said they had not yet been approached by any representatives of the new Tybo company, but that they were willing to meet it half way in the matter of improving the highway. It was suggested that road making material could be carried by the ore trucks in their return trips. At all events it is assured that the Tybo road, now in very fair condition, will be brought up to the standard of excellence required by the new corporation.

BRITISH TREASURY ISSUES NEW NOTE

(By Associated Press.)

LONDON, Jan. 14.—The new one-pound treasury note which will be issued shortly are described as fraud-proof, and have been designed with the assistance of the greatest authority on illicit reproduction. The paper is white and somewhat thicker than the present notes, on the right is the king's head in a curious pale greenish-brown shade, surrounded by an oval bearing the imperial titles and surmounted by the crown.

On the left is a design of St. George and the dragon. Green ink is used for the lettering. The reverse of the note bears in faint ink an outline of the house of parliament with a watermark of "one pound" and the royal cipher and crown on either side. New ten shilling notes will appear later.

130 PER CENT GAIN IN YEAR

WAR ORDERS SWELL THE BUSINESS OF A DELAWARE POWDER COMPANY

(By Associated Press.)

WILMINGTON, Del., Feb. 13.—According to the annual report of the E. I. Du Pont de Nemours & Company, gross receipts for the year ending December 31, 1916, aggregated \$218,845,844, an increase of 1120 per cent as compared with the average sales for 1913 and 1914, which amounted to \$25,927,478. Net earnings in 1916 were \$82,107,692 and in addition payment of six per cent dividends on the debenture stock of the company a total of 100 per cent in dividends was distributed to the common stock holders during the year.

Since October, 1914, about \$60,000,000 has been expended in the construction of new plants to fill "war orders."

CUBAN REVOLUTION SPREADING RAPIDLY

TROOPS HAVE REVOLTED AND A SERIOUS CLASH IS IMMINENT

(By Associated Press.)

HAVANA, Feb. 14.—President Menocal, of Cuba, is quoted as admitting that his troops are revolting in Camaguey province. The insurgents will be attacked by a heavy force under Colonels Figueroa and Colazo. Five or six encounters between rurales and rebels have been reported. A small group of rebels in Oriente province clashed with loyal troops. The rebels lost seven killed and several wounded. It is reported that Colonel Baldomero Agosta, who led the rebels, fighting the rurales 40 miles from Havana yesterday, was killed. Major General Enrique Loynaz del Castillo was wounded.

NEUTRAL WARSHIPS FREE FROM ATTACK

GERMANY ISSUES A STATEMENT WITH REFERENCE TO CONVOYS

(By Associated Press.)

LONDON, Feb. 14.—An Amsterdam dispatch to Reuters says that a majority of the German newspapers published an article saying that neutral merchantmen, whether conveyed or not, would be exposed to all the possibilities of intensified submarine warfare in the restricted zone. It said that submarines would not attack neutral war vessels acting as convoys, but such ships would be in danger from mines.

PANAMA CANAL NOT ON A PAYING BASIS

GREATER TONNAGE BUT NOT SUFFICIENT TO COVER COST OF OPERATING

(By Associated Press.)

PANAMA, Feb. 14.—Traffic statistics for the Panama Canal show that the number of ocean-going ships, which made the transit through the canal in the calendar year of 1916 was 1253. Their aggregate net tonnage was 3,833,869 tons, and they carried a total of 4,331,911 tons of cargo.

The number of ships was seven per cent greater than in 1915, but in net tonnage, tolls and cargo, the record for 1916 was a little less than one per cent less than 1915. The two years had about the same bulk of traffic, and both saw the canal closed for a period of three and a half months.

The tolls collected in 1916 were \$3,677,695.50, which was not equal to the expenses. The ships in the United States coastwise trade were slightly over three per cent of the aggregate tonnage in 1916. In 1915 they were one-fourth of all the traffic and in 1914 they were two-fifths. Most of the former coastwise ships have been diverted to the more profitable foreign trade.

THE JOINT SESSION

(Continued from page one)

The gambling bill, of which Williams, of Clark, is the author, also was taken up in the assembly yesterday afternoon on special order and laid on the table without discussion by a vote of 17 to 15. Coryell of Elko offered an amendment eliminating betting on horse races by the pari-mutual system from the forbidden sins, but it was rejected by a 17 to 14 vote. Williams then offered an amendment but it never was read. Alexander of White Pine moving to table it. The Williams amendment would permit social games for drinks or cigars when the drinks or cigars are served individually during the progress of the game, providing no bingles or tokens were given.

Yesterday afternoon the assembly chamber was crowded when both houses met in joint session to hear an address by Hon. Hugh H. Brown of Tonopah on the subject of "World Peace."

HAND TO HAND FIGHTING ON THE WEST FRONT

(By Associated Press.)

BERLIN, Feb. 14.—British troops in strength continued their attack on German positions on the north bank of the Aisne in France. Two attacks south of the Serre were repulsed after hand-to-hand fighting, according to a German official announcement.

AMUSEMENTS

AT THE LIBERTY

What is real Christianity? Do the teachers of religion really believe in their own words? Is it true that there will be more rejoicing for one repentant sinner than for 99 just people? Is it possible for a girl who has fallen to rise again to thorough respectability?

These questions and many others are beautifully answered in "The Hidden Scar." It's a Brady-made world picture and has for its stars, Ethel Clayton and Holbrook Blinn. Reverend Overton, the village pastor, rules his congregation with a firm hand. Virtuous and God-fearing, he has no tolerance for vice, particularly in women.

In this belief he has brought up his son Dale, who is studying for the ministry. Dale has come to look upon a fallen woman as one of God's lowest creatures. Upon completion of his ministerial course, he takes his father's pulpit and continues his work.

Dale marries a woman whose past is unknown, but whose every act is a kind and charitable one.

They were very happy together until one day "The Hidden Scar" was uncovered. Many important questions are answered in this unusual story in which Ethel Clayton and Holbrook Blinn are co-starred.

To play at the Liberty Theater tonight, and "Tours of the World." Tomorrow, Mary MacLaren in: "Wanted, a Home." Bluebird production in five parts. Mutt & Jeff in two comedies.

BUTLER THEATER

Tonight at the Butler, the feature will be "The Adventures of Buffalo Bill, the Idol of Young America, a thrilling drama of his Indian fights, his last hunting trip with the Prince of Monaco, owner of Monte Carlo, and incidents of his home life. The whole nation is waiting to see this play. What man, what boy, has not sat thrilled and spellbound over the stories of Buffalo Bill, his reckless daring, bravery, his hand-to-hand battle with savages, his half-breath escapes? These battle scenes, thrown on the screen, lend a ten-fold interest. The most powerful and stirring drama of the day, rich in historical interest.

Battles of Warbonnet, Summit Springs, Big Butte, Pine Ridge and others re-fought, on the original battlefields on the western prairies and the Bad Lands.

The preliminary reel will be another one of those famous Paramount comedies at which everyone laughs.

Tomorrow, Joanne Eagles, a new star, a real actress and a real beauty, in "The World and the Woman."
